I. GENERAL REGULATIONS

The present valid WKO rules ID Judo and the anti-doping-code of the DBS applies.

Competitors: women and male Judoka with mental handicap in the Performance-class 1 and 2 (evaluation-scale of the DBS), with valid sport health certificate (see protection-regulations), Minimum graduation: 8. Kyu (white-yellow belt),

German competitors require a valid DBS–starting-passport or valid DJB Passport.

Sportive management:

Alwin Brenner, commissioner of performance, department ID-Judo in the DBS
Cornelia Claßen, delegate ID Judo, DJB

Weight-classes: Women (age-classes 2008 and older):
-48 kg, -52 kg, -57 kg, -63 kg, -70 kg, -78 kg, +78 kg

Men (age-classes 2008 and older):
-60 kg, -66 kg, -73 kg, -81 kg, -90 kg, -100 kg, +100 kg

Starts in different age-classes are not allowed.

Contest-mode: only 2 per weight-class: best of 3 fights.
up to 5 competitors per weight-class: pool-system „round robin “,
from 6 competitors per weight-class on: „double-K.O.-system”

Prohibited actions: Prohibition of all lever- Shime- and Kansetsu - waza,

Match-duration: 3 minutes of effectively action time

Number of mats: 3 mats

II. AUTHORIZATION of PARTICIPATION

The right to participate belongs to all sport-fit (sport health certificate must not be older than 12 months!) members of clubs (and starting-communities) of the regional associations of the DBS, the related special branch associations of the DBS (if these do not promote their own German Championships) and (at International German Championships) the members of the invited foreign paralympic committees.

Persons, who suffer from disease (in addition to their handicap), which may grow worse by taking part in the tournament, are expelled from participation in German Championships. This as a rule applies to persons, with implants (e.g., artificial joints, cardiac pacemaker, and so on) or who got over a cardiac infarction.

Exceptions must be granted by the DBS-association-physician before entering for German Championships.

A valid certificate of fitness for sport that is not older than 12 months is recommended.

The promoter reserves the right to lay age- or weigh-classes together, in case of too small number of competitors (Annotation: fundamentally at paralympic kind of sport, the international rules of classification apply).

III. CLASSIFICATION

International classification takes precedence. If there is a difference between national and international classification, international one always applies. An alternation of the international classification will only be acknowledged if it was made by a licensed classifier and confirmed in writing. If there is no international classification submitted, the national classification of the responsible DBS – association-physician applies.

Only classified Sports(women) have an authorization of participation (please compare to list of classification)!

(Annotation: every DBS – section/special branch is engaged to make a list of their competitors in (international) German Championships and to publish it together with the invitation!

Sports(women), who are not listed in the official list of classification can be entered, if the entry contains a filled in evaluation scale of the DBS for people with mental handicap.

Foreign participants must present a national or international starting pass.

IV. PROTECTION / SAFETY REGULATIONS

1. With submitting the entry, the clubs and starting communities ensure the match-ability of the entered competitors.

2. A valid certificate of fitness for sport is recommended

For competitors, who do not fulfill these regulations, there exists no authorization of participation. Foreign competitors must show a comparable medical admission of their national paralympic committee to the match office.

V. DOPING

Doping is permitted by the regulations of the DBS. Validity belongs to the anti-doping-code of the DBS and regulation of the WADA, of the IPC, of the NADA and, due to international events, the regulations of the concerned international sport associations special branch. Doping controls may be enforced in a random sampling way. The referee of Anti-doping comes to take the decision for this.

With submitting the entry for the event, the sports(women) accept the anti-doping-regulation of the DBS. If there are medicines prescribed and taken, a written down proof (= medical certificate) about these must be carried with and to be presented if controlled. If these medicines are listed in the current prohibition-list of the WADA, a medical exception grant (TUE) has to be carried with and to be presented, too. In case of a positive result the sports(women) may be punished because of a violation against the anti-doping-regulation if this indication-proof is missing.

VI. LIABILITY

The DBS and its authorities will only be liable for damages or harms within the limits and the extent of the available liability insurance protection. Liability for damages or harms beyond this protection is explicitly out of question. The effected insurance contract may be inspected at the

administration-office of the DBS at any time. Claims to sporting-accident insurance contracts of the regional sport associations of the DBS, are not affected by this limitation of liability.

Entries must be made only in written way on the enclosed official entry-form via the responsible (regional) paralympic committees.

Entry-addresses please send entry forms to both.

DBS / Judith Dahmen
Tulpenweg 2-4
50226 Frechen
Email: dahmen@dbs-npc.de

Alwin Brenner,
Dachauer Str. 74 b,85229 Markt Indersdorf
E-Mail: brenneralwin@gmx.de
